FINISH FIGHT IS PREDICTED OVER IN OHIO

Two Factions Want Control Of G. O. P. Delegation

COLUMBUS, O., Feb. 24. (AP)—United States Senator Frank B. Willis and Secretary of Commerce Herbert Hoover today declared it a finish fight for control of Ohio's delegation to the Kansas City convention and for popular endorsement of Ohio's platform.

Both not only filed formal declarations of candidacy with the secretary of state, thus entering him in the presidential preference primary, April 24, for popular endorsement of the republican voters, but also entered a complete state of delegates in the primary contest.

Secretary Hoover, by his action in entering the presidential preference contest thus made the first formal announcement of his candidacy. He previously had authorized candidates for delegates to pledge to him thus informally announcing his intention.

Hold Up Decision. Both Hoover and Willis headquarters held off decision to enter their candidates in the preference contest until late today. Announcement of Mr. Willis' entrance was followed immediately by word at Hoover headquarters that their candidate also would enter the race for the popular endorsement. Regardless of which candidate receives a majority of the popular vote, the result will not be binding on any delegate.

ACTION ON NAVAL BILL APPARENTLY IS SATISFACTORY

Opportunity for Subsequent Congress to Make Changes

WASHINGTON, Feb. 24. (AP)—While President Coolidge believes that the navy bill approved by the house naval committee does not provide enough warcraft for that the navy department considers its needs, he considers the proposal, however, a beginning toward that end.

The bill, as reported, authorizes the construction of 15 cruisers and no airplane carrier and the president feels that this very likely all that could be laid down any within five years or so.

He has noted that the reported bill provides for a time limit of construction. He does not approve of this but believes that after all it makes little difference because his provision is not binding upon subsequent congress.

Meanwhile, Speaker Longworth indicated that the house without serious opposition would approve the \$274,000,000 new warship construction program recommended by its naval committee.

He said that he believes the program, which proposes 15 cruisers and one aircraft carrier, is "very best that we could get," as it would have been virtually impossible to obtain anywhere else a unanimous agreement on the recommendation of Secretary Wilson for 71 war vessels.

Mr. Longworth declared that he thought the committee had acted with wisdom in sacrificing destroyer leaders and submarines in favor of cruisers and an aircraft carrier as the need for the latter type of ships was the greatest.

AUSTRALIAN FLIER ENDS LONG JOURNEY

Sydney, Australia, Feb. 25. (AP)—Bert Hinkler, Australian flier who was overdue on a hop from Port Darwin, arrived safely shortly after noon today at Coober Pedy, Queensland. He had been forced down en route by a dust storm yesterday.

Since his successful flight from Croydon, England, to Australia in 14 days, using a baby plane which effected economy as well as distance records, Hinkler has been hailed as an explorer even the tests of Colonel Charles A. Lindbergh and the Australian government has announced its intentions of awarding him a gift of about \$10,000 as a memento of his great flight.

MURDERER OF MAYOR ADAMS LOSES APPEAL

Supreme Court Affirms The Original Conviction

SPRINGFIELD, Ill., Feb. 24. (AP)—Southern Illinois' notorious gunman and gang leader, Charley Birger, must pay with his life for the murder of Mayor Joe Adams of West City, the state supreme court ruled today in affirming his conviction. April 13 was set for his execution.

In jail at Benton, Ill., Birger smiled when informed of the decision, remarking, "what is to be will be."

A veritable reign of terror in the south part of the state ended with the murder of Adams, whose home was said to be a meeting place for the Shelton gang, a faction unfriendly to that of Birger. Because of this friendship with the Sheltons Adams was marked to die.

Two more boys rapped on his door December 2, 1926, and handed his wife a note, purporting to be from Carl Shelton and asking Adams to give the boys employment. As the mayor was reading the note, the boys whipped out revolvers and killed him on his doorstep.

SENATE COMMITTEE PROBES INTO COAL MINING TROUBLES

One Mine Official Refuses Information Asked by the Senators

PITTSBURGH, Pa., Feb. 24. (AP)—The United States senate subcommittee, which is in this coal area to gain first hand information bearing on conditions brought about by wage differences between union miners and operators, today heard of the alleged abusive methods of the private coal and iron police, were told that communist agitators had been tried to gain a foothold in the district and at one place met a coal company official who declined to answer questions put by the committee.

It was the committee's second day of investigation, and headed by its chairman, Senator Gooding, republican, Idaho, trips were made into a number of mining camps.

The official who refused to give information desired by the senators, was H. M. White, division superintendent of the Pittsburgh Coal company at Moon Run. Asked why the Moon Run mine of the concern has closed down when the wage dispute arose, White said that it was because coal could not be sold at a profit. He was then asked how much it cost to produce coal.

Refuses to Answer. "I don't care to answer," White replied.

Senator Wheeler, Montana, asked him if he knew the senate committee. (Continued on Page Four)

DECLARES DIVIDEND

CANON, N. J., Feb. 24. (AP)—An initial quarterly dividend of \$1 per share on common stock of the Victor Talking Machine Co., was declared today, payable May 1 to stockholders of record April 2. The regular dividends were declared on the preferred issues.

FIVE FOUND GUILTY

Miami, Fla., Feb. 24. (AP)—Five coast guardsmen, on trial for the slaying of D. W. "Red" Shannon, alleged "king of rum runners" two years ago, were found not guilty by a federal court jury tonight.

The jury deliberated four hours.

MILLER FAILS IN EFFORT TO OBTAIN WRIT

Result Halts Move Started Against Governor

SPRINGFIELD, Ill., Feb. 24. (AP)—Efforts to oust Gov. Len Small, republican candidate for a third term, were halted by the supreme court today when it denied to J. Bert Miller, state representative from Kankakee, Gov. Small's motion to compel the state's attorney of Sangamon county to start out proceedings under the quo warranto law.

The supreme court decided that Miller, for years a political foe of the governor, had no right as an individual to institute quo warranto proceedings against the chief executive. When an agreement was reached in Sangamon county by which Gov. Small paid the state \$500,000 and was freed of charges of withholding information on state funds while he was state treasurer, Miller filed his suit on the assumption that the governor was guilty of misappropriating state funds while an office holder.

Before the suit was filed the legislature had passed a law exempting state officers from quo warranto proceedings and Miller asked a mandamus from the supreme court to compel the state's attorney of Sangamon county to start the proceedings after the state's attorney had refused to do so.

The house voted some \$39,750,000 to run voterless Washington, D. C. next year, all but \$5,000,000 of which will come out of the pockets of taxpayers here. It has been supposed to be talking about that for several days, but in fact almost every subject or current interest has been talked about instead. Today for instance, Representative Edith Nourse Rogers, republican, Massachusetts, took occasion to drop a salvo on the heads of the naval committee for the severe criticisms it gave the navy building bill.

The hearing on the confirmation of John J. Esch, renominated to the interstate commerce commission, was wound up by the senate committee sitting on the case. It will vote behind closed doors at some future date.

Judiciary committee got a lot more opposition to the Shipstead anti-injunction plan with no sign as to when it will act.

The house farm relief committee, however, decided to wind up its hearings tomorrow and get down to the business of framing a bill to suit itself.

And that will be all except for a little committee work tomorrow, until Monday.

SHOWDOWN IS NEAR IN FLOOD CONTROL DISPUTE, IS CLAIM

Fight Hinges on Whether Local Communities Share Expense

WASHINGTON, Feb. 24. (AP)—As congress neared a showdown today in the flood control fight, it was disclosed that President Coolidge would be willing, under conditions, to have the federal government shoulder the expense of protecting the Lower Mississippi valley.

He feels, however, that it is a question for congress to determine, after agreement has been reached as to the type and scope of the protection to be afforded. In addition, he holds that anything the federal government does without financing assistance from local communities should be confined to the area flooded last year.

The views of the president were disclosed by coincidence, shortly after Secretary Hoover, appearing before the senate committee on flood control, backed up the administration's flood control plan, and Major General Jadin, chief of army engineers, had turned over to a member for introduction a bill carrying \$261,000,000 for flood prevention work with states paying their quota as proposed in his report already submitted to congress.

The question whether local communities should bear part of the expense of the program, authorized by congress has been a point of controversy since house and senate committees tackled the problem of framing remedial legislation.

Under questioning before the senate committee, Mr. Hoover, who last year made severe trips into the flooded zone as president, Coolidge's personal representative, refused to commit himself as to how much of the expense should be met by the federal government. He urged an intensive study of the problem by a group of experts.

As for the President, it was disclosed that he looks with considerable favor on the flood bill sponsored by Chairman Jones of the senate committee, believing that its provisions are not far from his own views.

The Jones proposal would relieve Southern Mississippi Valley states from contributing to flood control, although they would be required to pay \$12,500,000 they agreed in 1924 to expend to bring levees to a standard height.

President Coolidge was represented as being highly hopeful that an agreement on flood legislation soon can be reached, in view of the various efforts being made to harmonize conflicting views.

ENTERS RACE

Columbus, Ohio, Feb. 24. (AP)—Senator Frank B. Willis entered the Ohio presidential preference primary today by filing his declaration of candidacy with Secretary of State Clarence J. Brown.

Highlights On The Doings Of Congress During Week; Many Problems Considered

WASHINGTON, Feb. 24. (AP)—Congress wound up another of its five-day week today with flood control claiming the spotlight in both houses.

The appearance of Secretary Hoover, the administration right hand man in the flood relief work, before a senate committee to talk on the control plan, attracted wide attention; but a supplemental proposal from General Jadin, chief of army engineers, to a federal outline of \$261,000,000, and also to liberalize the local contribution features of the administration control project also had been awaited with interest.

Around the edges of these congressional proceedings appeared the figure of "Big Bill" Thompson, Chicago's much traveled mayor, who was on hand to urge complete removal of the local contribution feature of the administration flood curbing scheme. He talked with house leaders and planned to whisper in senatorial ears tomorrow.

The senate itself got in heavy licks on small bills on the dock sweeping a lot of them thru as unobjectionable before it settled back into the muscle shools debate with Senator Norris of Nebraska, still at it in explanation of his government operation resolution. As usual, senators from interested states were on hand to listen and ask questions.

Washington Finances. The house voted some \$39,750,000 to run voterless Washington, D. C. next year, all but \$5,000,000 of which will come out of the pockets of taxpayers here. It has been supposed to be talking about that for several days, but in fact almost every subject or current interest has been talked about instead. TROVILLON TO AID GENTZEL OF CHICAGO

CHICAGO, Feb. 24. (AP)—For the second time in a week, Hal W. Trovillon, Herri, Ill., publisher and republican leader, has withdrawn from the primary race for his party's nomination as secretary of state. He announced his second withdrawal tonight, at republican headquarters in Chicago, and said he would support Judge Robert E. Gentzel of Chicago, the Small-Thompson organization candidate.

Trovillon was one of the first candidates in the race but withdrew early last week, only to re-enter the fight later in the week. He issued the following statement:

"I am withdrawing my candidacy for secretary of state, feeling that the best interests of the party will be served by this action. It is quite important to us to downstate that Gov. Small be nominated and elected again so he may be permitted to complete our great good road program and other constructive work and continue to serve the people as the best governor Illinois ever had."

He expressed his plans to support Gov. Small for re-nomination and Judge Gentzel for secretary of state as Chicago's first candidate for that office.

ROADS CARRY CASE TO HIGHER COURTS

Chicago, Feb. 24. (AP)—The Western railroad carriers carried their objection to a recent increase in wages to firemen and hostlers into the United States circuit court of appeals today. The roads appealed from a decision of the district court sustaining the grant of a board of arbitration.

Fifty-five roads and 55,000 employees, members of the Brotherhood of Locomotive Firemen and Enginemen are involved.

The roads contested the award on the contention that the board was dissolved when it first notified the district court it had failed to agree. Later the board, with the railroad representative absent, met and decided to give passenger firemen 30 cents and freight firemen and hostlers 35 cents a day more.

CHICAGO LOSES MANY PLEASURE RESORTS

Chicago, Feb. 24. (AP)—Chicago today lost twenty-four of its cafes, cabarets, soft drink saloons, and moonshine flats when Federal Judge Walter C. Lindley issued permanent injunctions against them.

The cases of fourteen were dismissed today, some because of faulty search warrants and others because the prohibition agents who made the arrests and retired from government service.

SEEK TO DETERMINE EXPLOSIVE USED IN BOMBING OF SCHOOL

Obtain First Evidence of Use of Dynamite—Reed Charged With Act

OTTAWA, Ill., Feb. 24. (AP)—The first evidence that the Pleasant Valley schoolhouse was wrecked by dynamite last December was introduced by the state today in its fight to send Hiram Reed, young farmer, to prison on a charge of bombing.

The prosecution claims Reed put the explosive in the stove that burst and seriously injured the teacher, John Bradford. Defense has indicated its doubt that dynamite caused the tragedy with which it holds Reed had nothing to do.

Following graphic descriptions of the explosion by ten former pupils of Miss Bradford, Theodore Paris took the stand to clinch the state's claim that dynamite was used. He testified he was thoroughly familiar with the explosive.

Paris said he was the father of five of the pupils in the Pleasant Valley school, and the morning of the explosion he met the bleeding and crippled teacher staggering up the road toward her sister's home.

After carrying the girl into the house, the farmer went back to inspect the school. An odor of dynamite filled the room, he said, and there were other evidences of it having been used.

Pupils Testify. As each child mounted the witness stand, Miss Bradford smiled reassuringly, but most of them were so frightened their voices shook. One of the boys, Albert Paris, 9, during a heated argument between attorneys, slipped from the witness chair and was almost out of the courtroom when Judge Frank Hayes laughingly called him back. Albert thought they were thru with him.

The stories of the children were the same. They heard a loud explosion, the ground and walls of the school shook. The teacher staggered screaming from the building, her face and dress covered with blood.

NINE MORE NAMES TAKEN FROM LISTS

SPRINGFIELD, Ill., Feb. 24. (AP)—Nine more names were dropped off the list of candidates for nomination for state offices in the April primaries on file in the secretary of state's office today, including one candidate for attorney general, John F. Tyrrell of Chicago, a Republican.

Charles Hadley has announced he would withdraw as a candidate for the republican nomination for attorney general but when the final list for the day was made up tonight his withdrawal had not been received. Tomorrow is the last day for withdrawals.

Withdrawals listed today were: State senator—Second district, Chicago, Democrat, John A. Navazio; Thirty-fourth district, Detroit, Bernard Lebourin, Marshall; Forty-eighth district, Republican, R. O. Clements, Carmel.

State Representatives—Third district, Democrat, Max Lita, Chicago; Thirty-fifth district, Republican, Arthur G. Harris, Dixon; Thirty-seventh district, Democrat, Thomas A. Drayton, Tamico.

OFFICERS KILLED IN CHICAGO BY NEGRO

Chicago, Feb. 24. (AP)—Three policemen and a negro exchanged shots on the South Side tonight with the result that the negro and one officer were slain.

The officers were called to arrest the negro, who was unidentified by residents of the neighborhood who said he was shooting at every one in sight. As the police alighted from their car, the negro fired at them. Policeman Edward McGuire fell, fatally wounded with a bullet thru his head, after the first few shots. A minute later, the negro was killed.

KANSAS CITY BANK ROBBED OF HUGE SUM

Customers And Employees Forced To Lie On Floor

KANSAS CITY, Feb. 24. (AP)—Armed with two sub-machine guns, three sawed-off shotguns, and several .45 calibre automatics, a band of bank robbers, estimated at 10 to 15 in number, today shot up the City bank here and escaped with \$50,737.

R. C. Kemper, president, said the amount lost was covered by insurance.

More than a dozen shots were fired by the seven unmasked men who entered the bank. No one was injured however.

The men escaped in two motor cars.

The robbers rushed into the bank at 9:15 a. m. and under the direction of a leader, they scattered at once to various vantage points. All entrances were covered by shotguns. The fifty bank employees, all working within plain sight of the bank lobby, and a dozen customers, were forced to lie down.

Two bandits vaulted into the cashier's cage and scooped up currency and cash. Six cages were systematically rifled. About \$25,000, locked in one cage, was overlooked.

Detectives assigned to the case expressed the belief that Chicago and St. Louis gangsters, working with local men, staged the robbery. Pictures of several known Chicago and St. Louis underworld characters were identified by employees and customers.

The bandit "general" swung one machine gun to aid from while barking commands to his men. but the gun was not fired. It was the second time within a month that a machine gun had been used in a bank robbery here.

SEEK INFORMATION ABOUT CONTINENTAL COMPANY'S AFFAIRS

Oil Inquiry Takes Another Turn in Investigation of Deals Made

WASHINGTON, Feb. 24. (AP)—Resuming its inquiry tomorrow the senate Teapot Dome committee will reach out into new fields in its effort to throw the full light of publicity upon the operations of the continental Trading company of Canada.

One of these fields, chairman Nyquist today, is the determination whether the New York branch of the Dominion of Canada became the agent of the continental in the United States and as such is liable for the income tax on the \$3,000,000 profits which that corporation made in oil deals in this country.

Another is the examination of records of the Dominion Bank in an effort to ascertain the names of brokers thru which the New York agency of that bank purchased \$1,250,000 in Liberty bonds. Still another is the transactions between the Continental and the Western Oil fields corporation of Denver, which, it has been disclosed, sold oil to the Canadian concern.

Chairman Nyquist said that officials of the Western Oil Fields corporation would be called later in an effort to ascertain how much oil that concern sold to the Canadian corporation.

The committee chairman also disclosed that he would introduce a resolution in the senate to empower the sergeant-at-arms to arrest Robert W. Stewart, Standard Oil official, and hold him in custody, until the next session of congress should the courts finally remand him to the custody of the senate during the summer recess of congress.

INOCULATES SELF TO PROVE THEORY RIGHT

ADRIAN, Mich., Feb. 24. (AP)—To support his contention that anti-tuberculin serum for cattle is not harmful, Dr. John Winters, Lewandown county veterinarian, inoculated himself with a full injection of the serum before a meeting of the Lewandown Farmers Institute here today. The injection was sufficient, Dr. Winters said to "make a full dose for a 1,000 pound Holstein bull."

James Helms, former state senator and member of the dairy commission, took the opposing view in a debate with Dr. Winters before the farm session. He declared the serum harmful and ridiculed Winters' efforts to prove it of benefit to cattle.

EXCAVATORS DISCOVER OLD BURIAL GROUND

Chicago, Feb. 24. (AP)—Public health authorities today halted excavators for a new building in Roseland when steam shovels began scooping up an abandoned grave yard.

The cemetery had not been used for 60 years and ten years ago was sold to private interests who today began preparations for erecting a building thereon. After several decayed caskets and skeletons had been unearthed, the pastor of an adjoining church called the health department which instructed police to halt the excavations.

ITALIAN BOAT SINKS; ENTIRE CREW DROWNED

Collides With Russian Cadet Ship During A Fog

DEAL, England, Feb. 24. (AP)—The entire crew of the small Italian steamer Alcantara was believed to have drowned when the ship sank following upon collision with the Russian cadet training ship Tovarishch, tonight in the straits of Dover.

The number in the crew was unknown here. An American vessel of the size of the Alcantara would have carried upward of 17 men and an Italian ship probably a few less. Although a fleet of boats rushed to the scene, about three miles south-east of Dungeness, the only survivor found died soon after the British steamer Moldavia picked him up from the floating wreckage.

A heavy fog which blanketed the sea which was called for the collision and this handicapped the searchers. The Moldavia, answering the S. O. S. of the Tovarishch, received its first warning that it had reached the scene when cries for help were heard coming from the sea through the white shroud.

Life Boats Lowered. The Moldavia's signals, were immediately stopped and her lifeboats lowered. After a search of an hour and a half among wreckage which included a lifebuoy marked with the name of the Alcantara, she resumed her voyage satisfied that none had survived the sinking.

The crew of the Tovarishch, although a hole had been made in their own ship, attempted to aid the Italians. Later it was reported that the Russian ship was not in a dangerous condition and that she would try to make Southampton.

Revolution in Air Motors Predicted. The Free Press does not identify the person who is said to be in authority for the story other than to declare he is one of the group—Lindbergh, Hendershot, Peat or Lanphier.

Lindbergh and Lanphier declined to be interviewed, Peat and Hendershot could not be reached. The Guguenheim interests are declared by the paper to have arranged for an immediate conference with Lindbergh, Lanphier and the owners of the model, which is predicted will revolutionize the whole theory of aeronautics.

The paper further declares that today's test was successful in every respect and that Lindbergh and Lanphier have identified themselves with promotion of the motor.

ADVANCES PRICES. New York, Feb. 24. (AP)—Bethlehem Steel corporation today, followed the recent lead of Carnegie Steel and Illinois Steel in advancing prices of heavy steel products one dollar a ton, and announced new quotations on plates, shapes and beams. The larger independent companies in the midwest also had not the price changes of the two subsidiaries of the U. S. Steel corporation.

STATE'S HIGH COURT RULES LEVY INVALID

Not Probable That Refunds Can Be Obtained

SPRINGFIELD, Ill., Feb. 24. (AP)—Illinois' gasoline tax of two cents a gallon under which \$700,000 to \$1,000,000 a month has been collected from the state's motorists since Aug. 1, 1927, was declared unconstitutional today by the state supreme court.

The men were not concerned by Gov. Len Small and was passed in the last session of the legislature only after it had been on the brink of defeat repeatedly.

While the law provided only a two-cent tax, in effect the tax became three cents a gallon since the fuel companies generally added an extra cent to defray the cost of collecting and turning over to the state.

The decision was on a test case carried up by the Chicago Motor club, which began its fight against the law even before it was introduced as a bill before the legislature.

J. H. Braun, counsel for the club, saw in the supreme court decision no possibility of a refund to those who have paid the tax. Any refunds probably would go to the gas-oil distributors, he said.

"The tax was indirect so far as the motorist was concerned," said Mr. Braun.

Court's Finding. In declaring the gasoline tax "law unconstitutional the supreme court found that it also was discriminatory.

There was no discrimination against motorists because the gas tax did not apply to users of gasoline for other purposes, because it differentiated in the treatment of kerosene and gasoline, both fuels, and because it did not affect the tax on oil.

JURY FINDS DOCTOR GUILTY OF KILLING WEALTHY EMPLOYER

Verdict Carries Recommendation of Leniency and Life Imprisonment

LOS ANGELES, Calif., Feb. 24. (AP)—A jury today found Dr. Charles M. McMillan guilty of murder in the first degree for the slaying of Mrs. Amelia Appleby, his wealthy employer. The verdict carried a recommendation of leniency which makes it obligatory for the court to sentence the physician to life imprisonment.

Receiving the case for deliberation at 11 a. m. today, the jury of eight women and four men reached their verdict two and one half hours later. Next Tuesday was the day set for formal passing of sentence by Superior Judge Douglas Edmund.

The state charged Dr. McMillan with a plot to obtain control of the fortune of Mrs. Appleby, for whom he had acted as business manager. An estate at one time estimated at nearly \$1,000,000, was inherited by Mrs. Appleby upon the death of her husband, a Chicago inventor, several years ago.

Evidence against Dr. McMillan, who is 57, was circumstantial. The physician was arrested and charged with the murder shortly after the body of Mrs. Appleby was found last December 26 in the San Fernando Valley near here, tied in a sack.

Bits of canvas, which the prosecution claimed were identical with that in which the body of the wealthy widow was wrapped previously, prominently. The trial which started February 12.

The doctor pleaded not guilty, but he did not deny the charges from the witness stand,

**NO PLACE TO
DREAM**
The most famous driver, says
a thoughtful observer, is the day-
dreamer.

There is a cause for alarm that
has had little attention and de-
serves more. Accidents are at-
tributable to a well-meaning driver roll-
ing along with his head in the
clouds.

What can be done about him?
Arresting him occasionally may
help, but that can't be done until
he has committed some overt act,
and the arrest will not undo the
damage.

Perhaps there should be psy-
chological schools for drivers,
with compulsory attendance. The
any driver showing a tendency to
day-dreaming might be persuad-
ed, when he felt a dreamy mood
coming on, to pull up to the curb
or turn into a side street and let
his mind do its wandering out-
side the stream of traffic.

A NATURE SCHOOL
The first nature study school
of its kind is to be held at Hud-
son, O., this summer under the
joint auspices of Western Reserve
University, the Cleveland school
board and the Cleveland school of
education. The 500 acres of farm
and forest belonging to Western
Reserve Academy will be labora-
tory and class room. Pupils are
to be school teachers and men and
women who are preparing for Boy
Scout and Campfire Girl leader-
ship. There will also be a class
of 25 girls from 10 to 15 years
of age.

Four chief courses are offered:
The study of birds, of trees,
of flowers and of local geography.
In addition, each of the 25 girls
will be given a body animal to raise
as part of her work. A lamb, a
chick, a duck or some other barn-
yard infant.

The educators promoting this
project regard nature study as
one of the most important sub-
jects of present-day schools. Its
cultural value is rich. It gives
the growing child their appreciation
of the beauty of the world
and greater resources within him-
self for understanding and creat-
ing beauty.

On the practical side, educators
today are convinced, nature study
provides the best approach to sci-
ence, training the child in
alertness and openness of mind
and in observation.

Hayden Walker and Paul Hempel.

William T. Jordan
Services in memory of William
Thomas Jordan, veteran railroad
and hotel employee here, were
held Friday afternoon at 2:30
o'clock at the Gilliam Funeral
Home. The deceased was a vet-
eran of the Spanish-American
War, and the members of Wil-
liam H. Rule Camp, U. S. W. V.,
attended him the final rites of
that organization.

Rev. H. H. DeWitt, pastor of
Second Baptist church, preached
the funeral sermon. He was as-
sisted by Rev. F. M. Rule, Pas-
tor of St. James of this city and
Rev. Codd of Springfield. Music
was furnished by the church
choir.

Flowers were in charge of Mrs.
Fannie Strong, Mrs. Modora Bry-
ant, Mrs. Nannie Bine and Mrs.
Minnie Triplett.

Interment was in Jacksonville
cemetery. The members of Mar-
kory Lodge No. 36, K. of P., also
attended their ritual there.

A POEM
The following lines were written
by Mrs. J. W. Botkin during her
last illness, and without any thought
of publication:

"Let's forget that in the world there
is any pain or sorrow,
Let's gather the sunbeams of hope,
and dream of a glad tomorrow;
Let's pluck the brightest flowers
from the tangled weeds and
grasses,
Let's find only the shiny pebbles in
the water that over them dashes.

Let's live in the sunshine, there is
plenty of room,
Let's not dwell in the shadow or hide
in the gloom,
Let's search for the thing, all shiny
and bright,
That lies just beyond the dark
shadows of night."

Mrs. Ella Sibert
The death of Mrs. Ella May
Sibert, widow of James H. Sibert,
occurred Wednesday Feb.
22, at her home in Chicago. Fu-
neral services will be held today
in that city.

Mrs. Sibert was the daughter of
the late Talma Smith, and the
family one time resided in this
city. They left here some thirty-
three years ago and have since re-
sided in Chicago. She is survived
by two sisters and two brothers,
all of whom reside in Chicago.

**PASSAVANT HOSPITAL
NOTES**

Mr. and Mrs. Cloyd W. Smith
and Neil Smith, were brought to
the hospital yesterday for treat-
ment after having received slight
injuries when the car in which
they were riding turned turtle on
the Jacksonville-Springfield road
near the Oaklawn Sanatorium.

The party was on its way from
Springfield to Bluffs, when their
car skidded on the pavement and
collided with the abutment of the
bridge over the Mauvasterre
creek near Oaklawn. The car
turned completely over and Mr.
Smith was pinned under the car.
R. A. Gibbons of Springfield, an-
other autoist stopped and was able
to rescue Mr. Smith from the
wreckage and bring him and the
ladies to the hospital, where it
was found that they were suffer-
ing mostly from shock. After re-
ceiving treatment they were able
to continue their journey to
Bluffs. The car was badly dam-
aged.

Other Hospital Notes
A son was born at the hospital
to Mr. and Mrs. Earl Baxter of
Route 3, yesterday.

E. F. Geiss, of Mercedosa was
admitted yesterday for treatment.

TODAY'S TALK

By George Mathew Adams.

FORWARD AND BACKWARD

The boy longs to be a man and
the man, remembering that he
was once a boy, longs to go back
—if only for a little while.

The Freshman thinks of the
time when he will be a Senior—
and the Senior thinks of the time
when he will have left college and
entered upon the tasks of busi-
ness life.

The bare foot boy dreams of the
Senator, or Governor, or Presi-
dent, and these great men, or
famous, as the case might be,
think of just a leisure hour with
their fish pole, its bait hook, and
a day in the sun.

It is difficult to find an ad-
justed human being. But one of
the first lessons the matured man
learns is that there are compensa-
tions, and these are scattered
with great equality all along the
way of life.

The mind that grows up, carries
with it all the elements of
beauty and of memory that
YOUTH creates and stimulates.

Ethel Carlson, soloist. Miss
Sadie Butler, pianist. The little
white church by the way invites
you to the following services to-
morrow. At 9:30 the Sunday
School begins with a class for
every individual. The boys and
girls of the Junior department are
busily engaged in a friendly com-
petition between their classes for
increased attendance. The adults
may well copy their example. The
service of the church at 10:30 is
to be of special note this week
with a well known man and
friend of the church occupying
the pulpit. Mr. Carl Winters will
preach, using as his subject for
the morning, "The Burden Bear-
er." Miss Carlson will add to the
attractiveness of this service by
singing for a solo, "God Remem-
ber When the World Forgets."

Miss Carlson's voice and songs
are adding much to the spirit of these
services. In the evening at 6:30
will be one of the brightest hours
of the day in the church. Last
Sunday the Christian Endeavor
meeting there were 47 present.
This without doubt is the finest
showing the C. E. has ever made

Illinois, J. H. S. Win; Indiana Leads Tourney

Play Until After Midnight To Beat Carthage 37 To 36

Carthage, Feb. 25 (Saturday Special).—Both teams developed a streak of cat eyes here last night probably accounting for the 37 to 36 score by which Illinois college defeated Carthage in an overtime game which ended a few minutes after midnight. Illinois led at the end of the first half, but the old tradition of defeating an Illinois team in the Carthage cracker-box gymnasium, was successfully broken last year and Illinois tied the count at 33 all just before the gun sounded ending the regular playing time. Carthage scored three free tosses in the overtime period and Illinois went down one point better by tossing in two field goals.

The game was the wildest scoring spree which has ever been staged on the Carthage court, very few teams being able to register over thirty points here. It was also the latest game ever played here. It was called at eleven o'clock, immediately after four games in the evening session of the Hancock county tournament and ended at 12:02 a. m. Illinois will remain here for the remainder of the night and will leave this morning for Monmouth where they will meet the Monmouth college team tonight.

Despite the high scoring, the

game was poorly played, Illinois forsaking its regular style of play on account of the small size of the playing court and resorting to a hit and miss style.

All during the first half they set the pace and when the period ended the Blue was in the lead 20 to 17.

Then, just a few moments before the regular playing time was due to expire, Carthage passed Illinois one point, the score being 33 to 32. Schuster was fouled and when he stepped to the free throw line, he heaved his try for three goal thru the meshes without any visible sign of strain, knotting the score.

In the overtime period, Ibrag and Dizier scored three free tosses, but Newkirk put Illinois within one point of the Carthage score, and again Bob Schuster came to the front with the score which decided the game.

WESLEYAN CLINCHES BASKETBALL TITLE

BLOOMINGTON, Ill., Feb. 24 (AP).—Illinois Wesleyan clinched the little 19 conference basketball championship tonight when they beat normal university 41 to 31 for their eleventh straight conference win. It is the third consecutive conference championship for the Methodists. The game was uninteresting with Wesleyan playing below their usual standard and with Normal fighting courageously but hopelessly. Wesleyan led all thru the game, holding a 22 to 7 lead at the half.

QUINCY SENIORS TO PLAY ROUTT TONIGHT

Irish Seek Fourteenth Victory in Row Over Team Which It Has Defeated Once Before This Season.

Quincy Academy's basketball team, with the Catholic district tournament next week-end as the ultimate goal, and the fourteenth victory the immediate outlook, is getting plenty of pep worked up this week-end. The Quincy high team has already been met and conquered by the Irish, but the locals will have a more difficult task on their hands beginning at eight o'clock tonight.

Quincy's team was just organized before the Irish met them in the first session, several Quincy players becoming eligible on account of the nine semester rule. Since the first meeting the Bluff City lads have had plenty of time to begin working together and will present a more stern resistance.

Both teams will use the same lineup tonight that was used in the first game of the season. Quincy will use George and Miller, forwards; Miller, center; and Haroz and Smith, guards.

Coach Sandon plans on using Murgatroyd and McGinnis, forwards; Lavery, center; and P. Cooney and Lacy, guards.

McMILLAN GOES TO KANSAS

Beaver Falls, Pa., Feb. 24 (AP).—Alvin (Bo) McMillin, athletic coach at Geneva College here, was released from carrying out the terms of a one year contract by the college trustees today so that he may accept a coaching post at the Kansas Agricultural College at Manhattan, Kansas.

McMillin signed a contract several months ago covering his fourth year at the local institution.

McMillin, former star on the "Praying Colonels" grid aggregation at Centre College, turned out several fast football teams during his regime at Geneva, where he coached all branches of sport.

ILLINOIS DEFEATED BY FAST IOWA TEAM

URBANA, Ill., Feb. 24 (AP).—Iowa overwhelmed the Illinois basketball team 41 to 27 by a brilliant finish in the last half of the second period. Both teams played a wild rough game with much fumbling but toward the close the Hawkeyes began to settle down to business, and their shots began to hit the hoop accurately.

The Illini seemed content to take long shots most of the time, despite their lack of success. Dorn came back to the squad after a fortnight's illness, but he was one of the two Illini sent out on personal furlough.

Wilcox, Iowa's high scoring center, also went out on personal furlough because he had the Hawkeyes had the game safely stowed away by that time.

HONUS WAGNER MIGHT RETURN TO BASEBALL

PITTSBURGH, Pa., Feb. 24 (AP).—John H. (Honus) Wagner, world's renowned shortstop, tonight declined to confirm or deny reports that he was negotiating for an interest in the Brooklyn National League Basketball club. It was indicated, however, that reports of Wagner having dealings with the Dodge owners had some basis, for he said he might have a statement to issue on Saturday night.

Wagner for some time has been making an effort to acquire a basketball club or an interest in such an organization.

BRADLEY WINS EASILY FROM MILLIKIN FIVE

DECATUR, Ill., Feb. 24 (AP).—Millikin's defense cracked in the last half tonight and Bradley Tech took its first win in its last four starts, 44 to 23. Millikin hurried Bradley on every shot in the first period and a goal by McQueen just before the gun sounded was needed to give Tech a 13-11 lead at the half.

In the last half Poland, Bradley forward, connected for five baskets and McQueen with four to lead in the runaway. Harms of Bradley and Krebs and Harpstedt of Millikin were checked on personal fouls. Zikoriebach and Lave were Millikin's best bats.

ILLINI TRACK TEAM MEETS IOWA TONIGHT

URBANA, Ill., Feb. 24 (AP).—The Illinois track team, outdoor champions of the Big Ten, is resting in Iowa City tonight in preparation for its first Big Ten dual meet, with Iowa tomorrow night. Crippled by injuries to Jud Timm and Wheaton, dash stars, and Orlovich, who won the 440 in the Notre Dame meet, the Illini expect considerable difficulty in their competition with the Hawkeyes.

Coach Gill expects to make his strongest showing in the two-mile run, shot-put, broad jump, with good chances in the pole vault, mile and half mile. Abbott, who captured the two-mile event in the Notre Dame meet and set an all-time Illinois record of 9:29 3-5, has hopes of setting a new conference record on the fast Iowa track.

CRIMSONS TOO FAST FOR LINCOLN; SCORE FAST TO WIN 36-31

Lincoln, Feb. 24. (Special).—A lad by the name of Schillinger gave the entire town of Lincoln something to talk about tonight when he fired 19 shots at the basket from near the center of the floor to score eight field baskets, and was ably aided by the entire team, Jacksonville accomplishing what no other Big Twelve team has been able to do all season by defeating Lincoln 36 to 31.

The defeat tumbled Lincoln from a tie with Peoria Central for the Big Twelve championship second place.

The game was one of the fastest ever played here, Jacksonville leaping out to a lead shortly after the opening whistle, Lincoln coming back with a deluge of eleven points, and Mitchell's sharpshooters flying into the lead at the end of the first quarter, never again to be headed, but always on dangerous ground.

The floor play of the Crimson was little short of marvelous, their basket shooting was too warm, and their conduct on the floor showing grim determination, a fight to avenge the defeat handed them by Lincoln on the Jacksonville court earlier in the season.

Lincoln met its match tonight and knew it, but never gave up fighting, always hoping that Jacksonville was in a streak of luck, and that they would stop their rapid scoring while there was time left to win the game.

First Quarter Speedy Jacksonville gave an indication of its scoring power in the first fifty seconds of play, the Crimson's dashing in toward the basket with dazzling speed. But Lincoln had a charge to give before they went into second place, and in the next few minutes they piled in 11 points before the Jacksonville team could register.

The Crimson were only momentarily stopped, however, and at the end of the first quarter they were out in front 15 to 12.

The speedy pace told on Lincoln during the second period but the Crimson slowed down only a trifle. In the second period they scored but seven points, the period ending 22 to 14 with Jacksonville still leading.

Lincoln had the best of the scoring in the third period, but the Crimson held an advantage when the timer called a halt for a minute's rest, the score at that time being 30 to 25. Lincoln was then

Crimsons Too Fast For Lincoln; Score Fast To Win 36-31

as close to victory as they had been or as they were to be, it had proved, both teams scoring on even terms during the final period.

Battle of Wits. The game not only one of the heaviest scoring battles of the year, but it was a contest of wits, a fact which is clearly demonstrated by the fact that Lincoln accepted two penalties, two free throws for Jacksonville, by calling two more time out periods than allotted in the rules, in attempting to stop the Jacksonville scoring spree.

Lincoln fell down in one instance, and that instance cost them heavily—for it was Schillinger.

None of the players were allowed to get very close to the basket before Saturday afternoon when they will meet Coach Gene Mellon's Waverly basketball team on the I. S. D. floor at 3:30. Coaches Mellon and Mitchell agreed to move ahead the hour of play in order not to conflict with the finals of the Central States basketball tournament Saturday night.

ILLINI TRACK TEAM MEETS IOWA TONIGHT

URBANA, Ill., Feb. 24 (AP).—The Illinois track team, outdoor champions of the Big Ten, is resting in Iowa City tonight in preparation for its first Big Ten dual meet, with Iowa tomorrow night. Crippled by injuries to Jud Timm and Wheaton, dash stars, and Orlovich, who won the 440 in the Notre Dame meet, the Illini expect considerable difficulty in their competition with the Hawkeyes.

Coach Gill expects to make his strongest showing in the two-mile run, shot-put, broad jump, with good chances in the pole vault, mile and half mile. Abbott, who captured the two-mile event in the Notre Dame meet and set an all-time Illinois record of 9:29 3-5, has hopes of setting a new conference record on the fast Iowa track.

BRADLEY WINS EASILY FROM MILLIKIN FIVE

DECATUR, Ill., Feb. 24 (AP).—Millikin's defense cracked in the last half tonight and Bradley Tech took its first win in its last four starts, 44 to 23. Millikin hurried Bradley on every shot in the first period and a goal by McQueen just before the gun sounded was needed to give Tech a 13-11 lead at the half.

In the last half Poland, Bradley forward, connected for five baskets and McQueen with four to lead in the runaway. Harms of Bradley and Krebs and Harpstedt of Millikin were checked on personal fouls. Zikoriebach and Lave were Millikin's best bats.

McLARNIN KNOCKS OUT SID TERRIS IN FIRST

California Irishman Uses Two Blows To Finish Pride of New York's Lightweight in Elimination Battle.

NEW YORK, Feb. 24. (AP).—A new fist sensation—young Jimmy McLarnin of the baby Irish face and placid mien—came out of the west tonight and flattened Sid Terris, pride of New York's lightweights, with just two punches.

Labelled as the next lightweight champion and scheduled to battle Sammy Mandell for the crown next summer, the stocky little Celt from Los Angeles stalked calmly into the Garden ring and before 18,000 spectators—the most doubting fight fans in the world—definitely established his fist class for all times.

There was just a little feinting of the head, a little movement of the shoulders, and a short right hand punch to the chin that put a fear of forked lightning into Terris' heart. Then as Sid tried his left hook, another tiny bolt of "batter-dash-dash" travelling so short a distance that half the spectators missed its flight, crashed full on the point of Terris' chin.

As if his less had been cut from under him with a giant scythe, Terris dropped flat on his face, head pillowed in the glove of his right hand, while the referee tolled 10 and the largest crowd of the present indoor season howled in acclaim of an Irish warrior.

The bout lasted one minute and 47 seconds and even in that short time there was little action until the crashing climax. Terris, bounding, dancing bolt of speed, shot out to set the pace at the opening gong.

He did, too, for over a minute, while McLarnin stalked him carefully, rolling his head from Terris' leads with both hands cocked for the kill. Almost at the start, Jimmy sent a whistling right past Sid's ear that brought a pained expression to the bounding one's face.

Then Terris landed a left hook, his sole offensive contribution of the evening. A flurry on the ropes, the bound back to the center of the ring, and then the flash of leather and the thud of Terris' tail from the front ranks of the lightweight contenders.

For minutes after the battle was over, the huge throng pressed close to the ring-side and cheered O. Holt, the Irish stunner, all over him, who had just downed the Ghetto's pride. Finally, as Terris went quietly in his corner, McLarnin was seized, placed high on the mob's shoulders, and carried away in triumph. Terris was unconscious almost five minutes from the finishing punch and had to be carried from the ring.

The downfall of Terris, presently somewhat by several knock-downs in recent battles, still came as quite a shock to the spectators. The New York speedster was a 6 to 5 favorite entering the ring.

Both scaled 133 pounds for the weight, with McLarnin at the weight, settling all claim that he had grown out of the lightweight class.

The paid attendance was 17,980 and the gross receipts \$91,985.25, setting an indoor record for the present season.

ILLINOIS DEFEATED BY FAST IOWA TEAM

URBANA, Ill., Feb. 24 (AP).—Iowa overwhelmed the Illinois basketball team 41 to 27 by a brilliant finish in the last half of the second period. Both teams played a wild rough game with much fumbling but toward the close the Hawkeyes began to settle down to business, and their shots began to hit the hoop accurately.

The Illini seemed content to take long shots most of the time, despite their lack of success. Dorn came back to the squad after a fortnight's illness, but he was one of the two Illini sent out on personal furlough.

Wilcox, Iowa's high scoring center, also went out on personal furlough because he had the Hawkeyes had the game safely stowed away by that time.

HONUS WAGNER MIGHT RETURN TO BASEBALL

PITTSBURGH, Pa., Feb. 24 (AP).—John H. (Honus) Wagner, world's renowned shortstop, tonight declined to confirm or deny reports that he was negotiating for an interest in the Brooklyn National League Basketball club. It was indicated, however, that reports of Wagner having dealings with the Dodge owners had some basis, for he said he might have a statement to issue on Saturday night.

Wagner for some time has been making an effort to acquire a basketball club or an interest in such an organization.

Three Teams Tied For Second Place; Seven Games Today

Games Today. 9 A. M.—Illinois vs. Michigan. 10 A. M.—Ohio vs. Indiana. 11 A. M.—Wisconsin vs. Kentucky.

7 P. M.—Michigan vs. Ohio. 8 P. M.—Wisconsin vs. Indiana. 9 P. M.—Illinois vs. Kentucky.

Special Game. 3:30 P. M.—Jacksonville vs. Waverly (I. S. D.) floor.

Several things happened at the Illinois School for the Deaf which yesterday in the Central States tournament, Kentucky risked to great heights to defeat Michigan and in doing so, losing their running guard, who severely injured an ankle when he attempted to gain possession of a ball that had been thrown against the opponent's backboard. And the loss of the running guard, Hale, caused a weakness in their defense which gave Indiana, now the apparent champions unless they are upset today by either the fast improving Wisconsin team, in the evening session, or Ohio in the morning round, the hole thru which it planned its plays.

Indiana successfully rode down two determined teams in the play yesterday, defeating Illinois by a determined rally in the fourth quarter 23 to 22, and noosing out Kentucky, a team which has played but ten basketball games before coming to the tournament and which was playing without their regular running guard, 27 to 20.

Illinois had little trouble with Ohio in their afternoon appearance, winning 23 to 10. Ohio winning its morning round game from Wisconsin 19 to 18. Kentucky trimmed Michigan 22 to 12 in their afternoon meeting, and Wisconsin defeated Michigan in a fight to keep out of the cellar 19 to 15. Good crowds attended all sessions yesterday and interest is high.

The standings now are:

Team	Won	Lost
Indiana	3	0
Illinois	2	1
Kentucky	2	1
Ohio	2	1
Wisconsin	1	2
Michigan	0	3

Good Games Carded Today. Each team will play two more games in the tournament today, and second place winners will be decided. Indiana apparently having clinched the title by defeating the two strongest teams competing. Illinois will meet Michigan, a team which has not been able to get started since their game with Indiana, but a team which has been holding Rocco, the brains of the team, on the bench during its games, in the first game of the morning session, and Kentucky in the final game of the evening session.

Indiana makes its last appearance in the second game of the evening session against Wisconsin, and Michigan and Ohio will tie up in the opening round.

An added attraction has been carded for the afternoon, the Jacksonville high school warriors meeting Waverly on the I. S. D. court at three o'clock.

Wisconsin Leaves Cellar. Wisconsin left the cellar in their game with Michigan last night, the Wolves failing to show any of the class which they have displayed all thru the tournament, and Wisconsin showing more improvement. Wisconsin led 4 to 2 at the end of the first period and 9 to 7 at the end of the first half. They moved into a longer advantage during the third quarter

MANY PITCHERS ARE STILL HOLDING OUT

ATLANTA, Ga., Feb. 24 (AP).—The problem of pitchers who pitch for several clubs, especially the first three in the side of major league managers, continues to harass some baseball bosses as the initial week of the 1928 training season draws to a close, but so far as the Washington Senators are concerned, Clark Griffith has only one of his regulars to worry about.

Griffith was notified at Tampa today by Fred McHenry and Garland Braxton, both counted on for regular mound duty, that they had agreed to terms and were starting for the training camp to sign contracts with Tom Zachard having signed earlier in the week, only "Sam Jones" remains away from the fold.

He, however, with several other pitchers from various clubs, has until March 1 to make known his intentions.

Among other pitchers from whom no word has been received and whose contracts are unsigned are Phil Egan of the St. Louis Cardinals, Jimmy King of the Philadelphia Phillies, Walter Hest of the New York Yankees and Charlie Ruffing of the Boston Red Sox.

Meanwhile, the training program of virtually all clubs on the ground continues in preliminary stages and probably will not be accelerated for another week when second squads reinforce the Cardinals at Avon Park; the Braves at St. Petersburg; the Phils at Winter Haven; Athletics at Fort Myers; Senators at Tampa; Browns at Palm Beach and Red Sox at Bradenton. It will be Sunday before camps are opened by the Yankees at St. Petersburg, Robins at Clearwater, and Cincinnati Reds at Orlando, although a small squad of Brooklynites is expected tomorrow morning.

Of the training activities so far, the Braves and the Cardinals have set the fastest pace, including besides the daily workout with medicine ball, batting and fielding practice, abbreviated games between patched up lineups.

Let's talk it over.

"FAN BREEZES"

Well, well, here we are back again, but still with a headache. I would make a hoghead (bar) look pinky if I claps were in my facts.

But then, after watching those games at the Central States tournament for one day, almost any one would have a headache—and a headache caused by speed.

We tried to get the low-down on the secret of this Indiana team yesterday from Coach Morris, who is not deaf, and he said that the team uses psychology to a large extent.

The idea is to let the opponents lead for three quarters and get them to believing they are pretty good, and then the Indiana team begins taking advantage of loose playing and they usually win out. He said that the system was tried about 10 days ago and it did not work, the other team scoring more points than the Indians were able to get.

But there are several sweet players performing daily on the I. S. D. court. For instance, Poska, Indiana center, and Coole, Indiana guard. Poska practically leads his team in floor play, and Coole is everything that his name would suggest.

He plays a good game at guard, and when points are needed he slips down the floor and drops a couple thru the hoop.

And then, there is Hamilton and King, a pair of Kentuckians who make things plenty warm wherever they are. Kentucky didn't have much of a team last year in the Central States tournament, but this year they have shown wonderful improvement.

Rocco, a Michigan lad coached by Charles Marshall who at one time was coach of the Illinois school, is another heady floor man.

We must not forget our Tigers, and especially Guzzardo and Walnoha. Walnoha has been doing some good basket shooting as well as guarding, while Guzzardo is making a specialty of floor play.

Coach Eugene Mellon over at Waverly, Ind., kindly consented to meet the Crimson tomorrow afternoon on the I. S. D. floor. There are no games scheduled in the tournament for the afternoon and both teams are eager to get in as much practice as possible on the floor selected for the district tournament.

The two teams will meet again in about two weeks to decide which of them will go ahead in the tournament. However, regardless of which one wins today, they will have to settle the issue all over again in the tournament for as surely as one team believes it is better than the other, that team is going to tumble in the tournament.

A tournament is arranged to give the underdog a chance to turn tables.

Routt academy athletic officials announced last night that they had received an invitation from the district Catholic school tournament center to enter their team in the annual meet, which will be held next week.

The Irish have one of the best teams they have had in a number of years, having run their string of victories to 13 straight. They play the Quincy high school squad here tonight.

About the dirtiest dig we have heard in recent months drifted into our eyes yesterday when Jimmy Meagher, deaf newspaperman covering the Central States tourney, declared that the reason Brown, Ohio guard, split his shoe during the game with Illinois, was because he was kicking about decisions.

However, Mr. Meagher expressed his wise crack to the officials and they accepted the explanation in the same way in which it was given—in a jesting way.

E. S. Pultz, official scorekeeper at the tourney, told us yesterday that his team, the Kansas Deaf school, played a basketball game with the Haskell Indians and the final score was 55 to 47 or something like that.

We made a noise like a whistle and he expressed the rapidity of scoring by making a circle of his first finger and thumb and moving the first finger of his other hand back and forth thru the opening with startling speed.

Williams Jennings Dunlap and C. C. Netman (Cash and Carry) substituted for Harold "Paw" Hopper yesterday at the timer's table. It is rumored that Hopper's resistance was broken down by the roar of the 32 calibre revolver used to end the periods.

ROCKFORD TEAMS WIN Freeport, Ill., Feb. 4 (AP).—Two fighting Rockford basketball teams won championships in two divisions of the big seven tonight, with the major team winning from the Freeport five, 33 to 29, while the lights of Rockford won 21 to 20 from the Freeport second team. Both games were the fastest played on the local floor this season. Blomquist and Johnson led the scoring for Rockford while Brewer was the outstanding star for the local team.

ASHLAND RUNS OVER WINCHESTER 27 TO 10

Winchester, Ill., Feb. 24.—In a one-sided game, marked by poor basket balling by Winchester, Ashland defeated the Winchester High school team here tonight at a score of 27 to 10.

The Winchester boys while having numerous shots, could not even come close to putting the ball thru the hoop, while Ashland players shot them in from all angles. It was the poorest exhibition of basketball displayed by the Winchester lads this season.

Douglas, for Ashland, was the outstanding star making a total of 13 points for his team. Ryan and R. Conliss were the only Winchester players able to score field baskets, getting one each.

The score at the end of the first period was Ashland 5, Winchester 2; at the half Ashland 14, Winchester 4; at the three quarter time, Ashland 16 and Winchester 10.

In the curtain raiser, Winchester defeated Alsey 26 to 24.

MURDERER OF MAYOR ADAMS LOSES APPEAL

(Continued from Page One) One of the lads, Elmo Thomason, 17 years old, was burned to death some time later when the Birger headquarters was bombed. His brother, Harry, two years his senior, is serving a life sentence for the murder. Both made a clean getaway at the time, assisted by Birger, the instigator of the crime. Harry, sent to the reformatory on another charge, confessed the murder and Birger's arrest followed.

The supreme court ruled the fact that Birger's attorneys used only eight of the 20 challenges allowed by law did not bear out their contention of prejudice in Franklin county against the defendant. This was the principal ground on which the appeal was based.

As to Birger's guilt, the court ruled that "the evidence, both direct and circumstantial, amply shows that Birger directed the conspiracy to murder Adams. No other verdict than one of guilty could properly have been returned by the jury."

The other men, henchmen of Birger, are serving life sentences in prison. Art Newman and Ray (Izzie) Hyland. They have not asked a review by the supreme court of their cases.

The supreme court opinion affirming Birger's conviction was written by Justice De Young.

SEEK TO DETERMINE EXPLOSIVE USED IN BOMBING OF SCHOOL

(Continued from Page One) The only pupil in the school at the time of the explosion, ten year old Grace Johnson was a witness of the day and she remembered nothing after the explosion until she found herself out in the road. How she got there she did not know, but she said her leg was hurting. It had been struck by one of the pieces of the stove.

Reed's Confession The state is expected to wind up its case shortly with an attempt to introduce Reed's confession. This will probably result in a fight between the attorneys, for the defense holds it was obtained under misrepresentation and coercion. Although Reed was indicted on several charges, including an attempt to kill the girl about to become a mother, he is being tried only on the bombing charge.

Judge Hayes held court an extra half hour this afternoon to speed up the trial and said the hearing would resume an hour earlier tomorrow, at 9 a. m.

OKLAHOMA WINK TITLE Manhattan, Kas. Feb. 24. (AP).—The University of Oklahoma won the Missouri Valley conference basketball championship tonight, trouncing the Kansas Aggies 40 to 27 and running their string of victories up to 16 straight. Missouri, runner-up, was eliminated as a contender tonight when the team lost to Grinnell 37 to 38. Oklahoma, with only two games yet on the schedule, has not lost a single game.

GRINNELL BEATS MISSOURI Grinnell, Iowa, Feb. 24 (AP).—Grinnell extinguished the last hope of Missouri to win the Missouri Valley conference basketball championship today, taking a thrilling last minute victory, 33 to 37. The loss was Missouri's fourth in 13 games, and should they win their remaining games while Oklahoma University, now leading with 14 wins and no losses, is losing the rest of its contest, it cannot win the title.

MODISH MITZI

Mitzi Looks Ahead at Easter Styles

By Jay V. Jay

"What shall I wear for Easter, Mitzi?" asks Polly. "It all depends," replies Mitzi "whether you want an ensemble suit, a coat and dress, or more tailored things?" "That's what I don't know," says Polly mournfully. "I'd like an all feather hat like yours though."

When you don't know anything about styles the best thing to do is to go to Mitzi and have her make up your mind. What about the satin coat with a kerchief scarf of blonde moiré? Black satin is always smart and the mole scarf is very new. Polly admits that the suggestion is helpful.

An excellent street costume is this dress with the cape scarf. The swathed hip line is given by the tied girdle on the side. Capes by the way are very smart this spring. The costume is very effective for Easter thinks Polly and if not for Easter for afterward.

When Polly and Mitzi went into the subject of Easter costumes they found too many to show here. They'll tell you about them—their suggestions a costume complete from shoes to hat. If you want to see Mitzi's suggestions write to this paper for them enclosing a self addressed stamped envelope.

MATRIMONY

Standley-Plank

At a very pretty home wedding Thursday evening Miss Lorena F. Plank became the bride of Walter O. Standley at 8 o'clock, with the Rev. C. W. Andrew officiating.

The bride was prettily attired in a dress of tan flat crepe and was attended by her sister, Miss Glenna Plank whose dress was of rose crepe de chine. Mr. Standley was attended by his brother, Fred F. Standley.

The bride is the charming daughter of Mr. and Mrs. J. C. McGinnis of Concord.

The groom is the son of Mr. and Mrs. Edward Standley of this city. Only the immediate friends and relatives of the couple witnessed the ceremony.

The couple will reside on a farm west of the city.

THE "CANARY" MURDER CASE

by S. S. VAN DINE AUTHOR OF THE BENSON MURDER CASE

CHARACTERS

PHILIP VANCE, JOHN F. MARKHAM, District Attorney of New York County.
MARGARET ODELL (THE "CANARY").
CHARLES CLEVER, a man-about-town.
KIMMIE SPOTSWOOD, a manufacturer.
LOUIS MANXIN, an importer.
DR. ARTHUR LINDQUIST, a fashionable neurologist.
TONY SKEEL, a professional burglar.
WILLIAM ELMER JESSUP, telephone operator.
HARRY SPIVELY, telephone operator.
ERNEST HEATH, Sergeant of the Homestead Bureau.

THE STORY THUS FAR

Vance believes Skeel innocent of the murder of Margaret Odell and that he is hidden in a closet while the stranger did his work. Markham ridicules the theory but Vance is stubborn. Markham, under pressure, reveals that he had been eating, the night of the murder, on a Miss Frisbee, who occupied the apartment adjoining the "Canary's." At five minutes to twelve, he says, he saw a man enter the door which was thought to be the inside all night. Markham confronts Clever with this information and asks him why he lied about his whereabouts.

CHAPTER XXXVI

FOR a long time there was tense silence. Then Clever spoke. "I've got to think this thing out." Markham waited patiently. After several minutes Clever drew himself together and squared his shoulders.

"I'm going to tell you what I did that night, and you can take it or leave it."

Again he was the cold, self-contained gambler. "I don't care how many witnesses you've got; it's the only story you'll ever get out of me. I should have told you in the first place, but I didn't see any sense of stepping into hot water if I wasn't pushed in. You might have believed me last Tuesday, but now you've got something in your head, and you want to make an arrest to shut up the newspapers."

"Tell your story," ordered Markham. "If it's straight, you needn't worry about the newspapers."

Clever knew in his heart that this was true. No one—not even his bitterest political enemies—had ever accused Markham of buying praise with any act of injustice, however small.

"There's not much to tell, as a matter of fact," the man began. "I went to Miss Odell's house a little before midnight, but I didn't enter her apartment; I didn't even ring her bell."

"Is that your customary way of paying visits?"

"Sounds fishy, doesn't it? But it's the truth, nevertheless. I intended to see her—that is I wanted to—but when I reached her door, something made me change my mind."

"Just a moment.—How did you enter the house?"

"By the side door—the one off the alleyway. I always used it when it was open. Miss Odell requested me to, so that the telephone operator wouldn't see me coming in so often."

"And the door was unlocked at that time Monday night?"

"How else could I have got in by it? A key, wouldn't have done me any good, even if I'd had one, for the door locks by a bolt on the inside. I'll say this, though: that's the first time I ever remember finding the door unlocked at night."

"All right. You went in the side entrance. Then what?"

"I walked down the rear hall and listened at the door of Miss Odell's apartment for a minute. I thought there might be some one else with her, and I didn't want to ring unless she was alone. . . ."

NEW YORK, Feb. 24. (AP)—Railroad shares showed fairly consistent strength throughout today's stock market, but industrials wobbled erratically in reflection of the play of opposing specu-lative forces. Not gains in the rails ran from 1 to 4 points. Several of the industrial specialties ran up 3 to nearly 10 points and a number showed losses of 3 to 7 points.

The unexpectedly large reduction of \$91,000,000 in brokers' loans brought only a temporary flurry of buying at the outset of the market. Selling pressure was quickly renewed against International Nickel and some of the other vulnerable pool favorites with the result that the general market was headed downward before the end of the first half hour. Heavy buying of the rails just before mid-day, based on uncer-tainty of the play of opposing spec-ulative forces, and in some quarters un-believable reports that eastern railroad executives had reached an agreement whereby L. F. Loree would abandon his proposed fifth trunk line system and transfer the control of Wabash to one of the other eastern trunk lines, steadied the market, and started a fresh buying movement.

There was little in the day's business news to influence the price movement. The weekly mer-cantile reviews continued to re- port irregularity with no chances of importance. Bethlehem Steel raised its price on heavy steel products, combining the earlier ad- vances of subsidiaries of the U. S. Steel Corporation and Mid- Western Independents. U. S. Steel common continued to drop, closing 1-8 net lower at 139 7/8. General Motors moved within a range of 2 points, closing frac-tionally higher at 136. Raytek cars ran up 10 points to a new top of 121 1/2 and closed near the top. International Nickel opened at 77, advanced to 77 3/4 broke to a new 1928 low at 73 5/8 and rallied to 76 3/4, 1/2 1-4 net. U. S. Rubber common and first prefer- red sank to new low levels at 45 1/8 and 52 1/2, respectively, in re- flection of speculative fears for the safety of the preferred divid- end. U. S. Cast Iron Pipe broke 8 points to 194 and rallied 1, and net declines of 2 points or more were recorded by Curtis Airplane, Detroit Edison, Midland Steel Products preferred, United Drug, and Wright Aeroplane.

LIMIT BOND TRADING AT IRREGULAR PRICES

NEW YORK, Feb. 24. (AP)—Limited trading at irregular prices again characterized the bond market today. The hesi- tancy of the past few days contin- ued in evidence, pending definite announcement of the treasury's billion-dollar March 15 refinance- ing program. Florida East Coast five, Ill. Central four and Federal Light & Traction sixes were among the few leaders on the up- side, while purchases of \$4,000 face value of American Telephone five was sufficient to push the price up 51 points. Among the numerous soft spots were Minneapolis & St. Louis five and Consolidated Gas (New York) six, both of which reached new lows for the year.

CROP DAMAGE REPORTS SEND WHEAT HIGHER

CHICAGO, Feb. 24. (AP)—Crop damage reports from a wide extent of domestic winter wheat territory led to a brisk advance in wheat values today after an early dip. Buying here on a broad scale was further stimulated as a result of advices that export houses and mills were active pur- chasers of wheat at Winnipeg. Closing quotations on wheat were firm, 1-2c to 1c net higher, with corn at 1-3c to 1-2c decline. Oats unchanged to 1-2c up, and provisions unchanged to a rise of 15c. Heavy losses in wheat acreage were mentioned as likely in re- ports from numerous points throughout the Central West. Meanwhile, there were also ad- vances at hand that wheat and ry- crops in Central and southeastern Europe were suffering from heavy frost and from lack of snow cover. Incentives to purchase were like- wise found in the fact that Ar- gentine shipments for the week proved to be of less volume than expected, that Australian ship- ments too were light, and that figures on exports from North America indicated world ship- ments would be under actual re- quirements. Offerings of wheat in Chicago increased on the advance, how- ever, and best prices failed to hold. Besides, Argentina and Can- ada were both said to be offering wheat more cheaply to Europe than heretofore, and Liverpool wheat quotations today were lower than had been expected. It was also pointed out that the price of Liverpool May delivery is only about 14 1/4c over Chicago, about the smallest difference so far this season. Corn rallied temporarily with wheat, but averaged lower as a result of fine weather for corn movement. The bulk of today's corn receipts here went to indus- tries and elevators. Canada was reported bidding more actively for new Argentine corn. May-June shipment.

CURB PRICES FIRM AT START BUT SAG LATER

New York, Feb. 24. (AP)—Trading lagged in a listless curb market today. Prices were a bit firmer at the opening, but sagged during the day. The closing was fairly strong. Business appeared to be at the lowest level in two weeks or more. Gains were made chiefly by in- dustrial specialties. A. G. Spalding moved up five points to a new high at 155. General Laundry Ma- chine touched a new high at 22 1/2. Sanitary Grocers gained a net 7 points and Safeway Stores closed up 14 net. Deere & Company, with its six point net gain, was virtu- ally the only one of the old favor- ites to show great improvement. However, many industrials were weak, among them Firestone Tire, Ford of Canada, Sparks Washing- ton, Leligh Coal & Navigation and Case Plow Works. The Artificial Silk issues, buoyant yesterday on the strength of the Courtwold di- vidend, slumped today Tabriz drop- ping more than four points. Public utilities were a bit stronger, but buying was only moderate. American Gas & Elec- tric moved up 21 points and Elec- tric Bond & Share closed up 1 1/2, but elsewhere movements were limited.

JUNIOR H. S. LADS, DADS IN UNIQUE PROGRAM

Large Number of Parents Enjoy Special Entertainment at David Prince School Friday Evening.

A program featuring the "Lads and their Dads" was presented at David Prince junior high school yesterday evening, sponsored by the P. T. A. of the school. A large number of the fathers and sons were present, and also many others interested in the special program.

The program opened with a short talk by Dr. John R. Hunch on "The Lad and His Dad." Dr. Hunch advanced the idea that a father should pay more attention to setting an example of merit to his son than to give him the benefits of material things. A reading, "A Boy and His Dad," was then given by Roger Hopper.

Carl O. Gordon spoke briefly on "Dads Accelerated." He compared the boy to an accelerator on a car, his father to the locomotive force. Without agreement between the two, they can be no united effort for speed, he said. The boy must cooperate with his father, and he will be building character for himself.

Francis Angel gave a reading, "His Example," and the eighth grade boys' club sang three selections.

Dr. H. H. Hanner gave a brief talk on "The Dad and His Lad," giving his idea that dads are co-operating with lads all the time, regretting that they have not more time for their sons. He praised the work of the P. T. A. officers and said that dads would be glad to help them at any time. Mr. Hanner's talk was followed by a reading by Linus Updegraff, on "The Man to Be."

The meeting was then adjourned to the gymnasium where a basketball game between the two teams of best players of the school was played. In this game, the green team lost to the white by a score of 22 to 6. The following players were used in the lineup: Whites—Smith, Schilling, Bailey, Bunch, Mullinix, Conrad, Fernandes, Greens—Emmons, Cooper, Edwards, Wilson, McCann, Bealey, nigraedOI.

MRS. ORAH CAMPBELL OF WAVERLY DIES

Waverly, Ill., Feb. 24.—Mrs. Orah Campbell, lifelong resident of Waverly, died Friday morning at 3:30 o'clock at St. John's hospital, Springfield. She was born near Waverly, February 2nd, 1878, and was united in marriage to Sterling Campbell of Waverly, on December 15th, 1898. She was a daughter of James and Maria Staples.

Mrs. Campbell was a member of the Oak Grove Christian church.

She is survived by her husband and one son, Howard, aged 23; one sister, Mrs. Edward Callans of Waverly and one brother, Charles Staples of Palmyra.

The remains were brought to Waverly and taken to the home of Mrs. Campbell's sister. Funeral services will be held Sunday afternoon at 1:30 o'clock at the Christian church. Interment will be in East Cemetery.

STATE GARDENER IS SPEAKER AT CLUB MEET

John Tiplady Tells Clubmen About Trees and Their Care.

Members of the Jacksonville Rotary Club heard a splendid address at their luncheon yesterday when John Tiplady, Illinois state landscape gardener, told the clubmen of the work he is doing at the various state institutions.

The speaker urged hearers to ask their city officials to do something for the trees of Jacksonville. He said that from casual observation he was of the opinion that the trees of Jacksonville are sick and need attention.

Mr. Tiplady said that the elm was the sturdiest of all trees and had the longest life, and he recommended a certain type of elm that should be planted.

Mayor John J. Reece at the close of the meeting told the members that the city council had already appropriated \$500 for tree work in Jacksonville and that a citizens committee will be appointed in the near future to carry out a tree planting program.

Mr. Tiplady said that the state of Illinois would before many years have orchards that would supply enough fruit for all the 10,000 persons in state institutions in this state. He has for some time been working on an orchard at Alton and five acres of trees have already been planted there.

The guests at the meeting yesterday were Walter C. Bradish, of Jacksonville and Charles Buhner and Gene Day of Springfield.

EBENEZER LADIES AID SOCIETY AT MOSS HOME

The Ebenezer Ladies Aid Society held an all day meeting Thursday at the home of Mrs. Lloyd Moss, northwest of the city. Mrs. L. C. Meyer was assistant hostess. At noon a pot luck dinner was served. A short business session was held during the afternoon. The following program was given:

Song, "America," by audience.
Devotions Led by Mrs. John Hadden.
"The Origin of St. Valentine's," Mrs. Paul Jones.
The remainder of the afternoon was spent sewing.

TAYLORVILLE BAPTISTS AT REVIVAL SERVICE

Delegation of Visitors Arrangements Crowd at Friday Night Service at First Baptist Church.

Friday evening's revival service at the First Baptist church was attended by an unusually large number of persons, a delegation from Taylorville where Rev. Jesse Hastings is pastor of the Baptist church, attending. A number of the visitors told of the success of a recent revival at Taylorville, Mr. and Mrs. L. J. Kindig assisted the pastor at that meeting.

It was reported that 79 persons were in attendance at the cottage prayer meetings Friday morning and a total of 4,602 Bible characters have been read thus far. The special music of the Kindigs is always enjoyed as was the case Friday evening, when they rendered an instrumental duet.

Rev. L. M. Westrate in beginning his sermon last night said "no one who can save the life of a friend will think a little thing to do but will make a desperate risk to do this and far more necessary than making a credit for self to establish our identity with the saved of the earth."

"Two questions might be asked with all earnestness. What is holding you back from becoming a Christian? The only holdbacks we need are those to keep us from turning heading into sin. Satan calls for every man and woman to climb on this holdback of works, pleasure and, forced everything else but pleasure of a humble, they come after and are sometimes fatal."

"Why neglect the most important matter in the world? You watch that your insurance policies are not lapsed, then you should not try to find an excuse for not being a Christian. It is folly to juggle and trifle with your soul, it is tragic."

"Rejection of Jesus often leads to hell," he said. "I should say that a loved one whom we have hindered from becoming a Christian until they were lost. They in their torment would not be glad to see that loved one who had caused their doom to come where they are."

"Another holdback—not now. Well how long will you wait? One year, one month, one week. Will you resolve that you will take a chance for a single day. Be careful, you may be like others, a day too late."

ALTON ANNOUNCES NEW TIME SCHEDULE

The Chicago & Alton railroad will put a new schedule into effect next Sunday at midnight, according to announcement made at the local offices yesterday.

Only one change of time is made under the new schedule that of the afternoon train now leaving here at 3:55 p. m. The time has been changed to 3:40 p. m.

Under the new schedule, bus service will be provided between Jacksonville and Roodhouse for passengers coming to Jacksonville on the evening train. The old St. Louis-Jacksonville accommodation will only run as far as Roodhouse under the new schedule. A bus will leave Jacksonville for Roodhouse at 10:15, arriving at Roodhouse at 11:30 p. m., returning to Jacksonville immediately on the arrival of the St. Louis train. The bus on the return trip will reach Jacksonville at 12:15 a. m. Connection for Kansas City will also be made by the bus.

DONALD ROBINSON HOME IS DESTROYED

The country home of Donald Robinson, on Lincoln avenue, near the Calvary cemetery, was completely destroyed by fire yesterday morning. The blaze had gained considerable headway when discovered, but neighbors assisted Mr. Robinson in removing his household goods from the burning building, practically all the furnishings being saved.

A call was made for the Jacksonville fire department and Chief Hunt took a truck to the Robinson home, leaving a crew at the fire station. The firemen used a full tank of chemicals in an effort to check the flames, but after extinguishing the fire in the upper portion of the house it was found that burning embers had fallen between the walls and were burning fiercely. With the chemical tank supply exhausted the firemen were helpless as the nearest fire hydrant was more than a mile distant.

The house was a story and a half structure.

FIVE TRESPASSERS IN JUSTICE BATHS COURT

Four men charged with trespassing on the right-of-way of the Chicago, Burlington and Quincy railroad were assessed fines of \$5 and costs each in the court of Justice C. O. Bayha yesterday.

A special agent for the railroad appeared before the court and an agreement between the attorneys and railroad company was reached whereby a charge of larceny was changed to trespass. The defendants then pleaded guilty and the fines were assessed.

The men gave their names as W. P. Garbidge, Bert Bond, R. E. Bradney and W. F. Taylor.

James Sink of Roodhouse is seriously ill at the home of Bert Whitlock, 349 East College avenue.

MRS. JACOB OMMEN DIES IN CHAPIN

Mrs. Jacob Ommen, aged 78, lifelong resident of the Chapin neighborhood, died at her home six miles northwest of that place Friday morning at 5:30 o'clock.

Mrs. Ommen was a member of the St. Paul Lutheran Church and was a woman who had many friends who will learn of her death with sincere regret.

She is survived by the following children: Herman F. and Martin J. Ommen of Jacksonville; John H. Ommen of Aronville; Reinhard B. and Henry C. Ommen of Chapin; Mrs. Theodore Tappenbeck, Mrs. Fred Nergonah, and Mrs. Walter Uhlen of Chapin. Her husband died in 1913.

Funeral services will be held at the home at 10 a. m., Sunday, followed by services at the church at 11 o'clock in charge of Rev. J. H. P. Slewing.

Burial will be in Grace cemetery.

HERE FROM DETROIT TO VISIT RELATIVES

Robert Walsh, son of Mr. and Mrs. Tom Walsh of this city, and now a student at the University of Detroit is spending the week-end in Jacksonville with friends and relatives.

Mr. Walsh says that he frequently sees Francis Saxeney, son of Mr. and Mrs. Terry Saxeney of Jacksonville. Mr. Saxeney has a good position with the Michigan Telephone Company, and is making good.

Mr. Walsh says that while there is much going on in Detroit that is of interest, the Jacksonville boys there frequently voice sentiments of homesickness.

NAME OFFICERS FOR BROWN'S Y CLUB

About three weeks ago D. L. Hardin, principal of Brown's Business College entertained all the boys of the college at an informal dinner held at the school. The ultimate aim of that occasion was to organize a club for the boys. At that time the question was put to them and met with the hearty approval of all present.

Yesterday morning all the boys of the school were called together to make further plans for the club, and to elect officers. It was decided to meet for dinner at 6:15 o'clock on the first Tuesday of every month. The following officers were elected:

President—Aubrey Duke.
Vice-President—Stuart Brownback.
Secretary and Treasurer—Gerard Steln.
Sergeant-at-Arms—James Barnes.

The club is organized not only to keep the boys in closer touch with each other and to promote good will while they are in school, but even after they graduate. It will be under the general supervision of A. D. Herman, Y. M. C. A. secretary, and D. L. Hardin, principal of Brown's. The meetings will be conducted on the same order as the H-Y Club, and other similar organizations, and will be called the Brown's Y Club.
